Dear customer,

We've created this simple one-page document to streamline our paperwork and ordering methods to save you, the customer, and our team extra work. It authorises us to order network services on your behalf. These include ordering a Broadband Service such as NBN or a Fibre Service, and to submit for porting your lines to be migrated away from the incumbent carrier. We do this as a professional service and all our provisioning documents and application forms are biannually audited by AMCA and the Comm-Con P/L compliance standard team which has been mandated by the Australian Government for small to medium telecommunication operators. We take this seriously as it contains your company information and your telecommunications services. If at any time you wish clarification of this procedure and our companies right to perform this work, you can reach out to the team at Nextel on **139 139** and speak with our compliance team.

Dear Nextel provisioning team, please order the following services on behalf of my business:

## NBN
